

A high specification mineral-vitamin lick for all sheep on grazing or high forage systems. Supports performance, health and fertility.

FEATURES & BENEFITS:

- Includes a protected source of zinc and a high level of vitamin E to help optimise health, fertility and growth.
- Fortified with minerals, trace elements and vitamins to support good stock health and complement forages.
- Convenient: Available in 22.5kg

IDEAL FOR:

- All classes of ewes and lambs to support performance at grass or on high forage systems.
- Ewes at tupping time and pre and post lambing.

USER GUIDE:

- We recommend offering one 22.5kg bucket per 35 sheep
- Sheep - up to 100 g / head / day
